

CNETCAM2 C07-080

Network IP Camera

Keep an eye on your home or office area from any location! This Network (IP) camera is ideal for remote monitoring different spaces, at home (e.g. babyroom, living room) as well as business use (e.g. monitoring a reception or warehouse). By connecting the IP camera to your router or switch, you can access the live images recorded by the camera from any PC or notebook via the Internet or local network.

Highlights

- Compatible with any 10/100mbps or gigabit network
- High quality 640x480 true color CMOS sensor
- Suitable for most Web browsers
